Once I dreamed of you and me
Under an alien sky
Once I dreamed of you and me
Under an alien sky, by the martian sea.
Once I dreamed of you and me
Landscapes so dead and dry
Once I dreamed of you and me
Drifting by the silent sky, side by side.

Can't stop thinking of you
Visions breaking through
Can't stop feeling blue
Nothing really new

Once I dreamed of you and me
We walked the desert sands
Once I dreamed of you and me
Talking about the days gone by
And our greatest love
Once I dreamed of you and me
Landscapes so dead and dry
Once I dreamed of you and me
Drifting by the silent sky, side by side.
