Pay attention, are you listening? You're my favorite girl

Excuse me for the moment, I'm in another world

On a mountain, by a fountain, flowers blooming
everywhere

With Venus and cupid, the picture's very clear

Hang the sign upon the door, say, 'Don't disturb this
groove'

Just a way to say that, I'm so into you

And the feelings so real, so don't disturb this groove

Erotic whispers for the listener, let the music fill the air

Excuse me for a moment, I'm at a loss for words

By election sheer perfection and as if these eyes would
care

Your heart is in the right place, so don't you go and
change

Baby over and over the passion starts again

You're my lollipops and everything and a little taste of
sin

Causing fire and desire in this mortal soul to live

Till the angels fall from heaven and the day the earth
stands still

Hang a sign upon the door, say, 'Don't disturb this
groove'

Just a way to say that I'm so into you

And the feeling's so real, so don't disturb this groove

Just a way to tell you that I'm so into you

Close your eyes and let the music put you in the groove

Lock the door and turn the phone off, it's time for me
and you

Hang the sign upon the door, say, 'Don't disturb this
groove'
