

Army of Anyone **"Non Stop"**

We pledge allegiance to a
A land that's empty
And allegiance to a guy
That's unrelenting

They really let us down
We don't even know how
It's complicated when the lies are thick
We start to ebb and we're sick of it

They really hold us down
More than more somehow
It's acrobatic when the country's sick
Even more from the leadership

I said non-stop, stop the manipulation
In the higher nothing
Non-stop disintegration
In the land of longing
Wasting time

We stand accusing
But the effects are proven
We stand accusing
But it's not a truth we're losing

They really let us down
We don't even know how
It's complicated when the lies are thick
It starts to feel like a sinking ship

They really hold us down
More than more somehow
We're suckered much by the lies they spit
We're losing lives 'cause they're full of shit

And then non-stop manipulation
In the higher, nothing
Non-stop disintegration
In the land of longing
Wasting time, oh, oh

Non-stop manipulation
In the higher, nothing
Non-stop disintegration
In the land of longing

Non-stop manipulation
In the higher, nothing
Non-stop disintegration
In the land of longing
