You are said you'd never leave me
and yet there you go
Hey this wasn't supposed to happen
And yet there you go
Right to the door
Leaving me alone

Cause I wish you would be with me forever
it's catastrophe
I just thought together we'd stay
Now I'm looking for your hand
Where are you
Cause all four walls are comin' down tonight
where are you
Cause all four walls are comin' down tonight

I guess I should have seen it
And now it's too late
Hey this wasn't supposed to happen
Now it's too late
I hesitated
now you're leaving me alone

Cause I wish you would be with me forever
its complexities
I just thought together we'd stay
Now I'm looking for your hand
Where are you
Cause all four walls are comin' down around tonight
where are you
Cause all four walls are comin' down tonight
