She moved to Hollywood just for the big screen  
And to model on the cover of magazines  
All her friends around her want the same damn thing  
And she's right on Hollywood Boulevard  
With a brand new medical cannabis card  
Jumping at every opportunity that comes  
Almost forgot the little city that she's from

She's so close yet so far  
From nothing at all  
She's so close yet so far  
From nothing at all  
She just wants the lime light  
But she caught the wrong flight  
And now she's just another face in the...  
Face in the crowd

Now she's dabbling in a little of cocaine  
Runs around with producers with no names  
Because there's a chance they can see her to her  
dreams  
She's fucking with fancy cars  
You better run cuz she'll take it all  
"Tell me how it takes to feel"  
She screams out at the world as she's falling apart  
"Somebody save me, somebody wake me up!"  
Cuz she never really thought it'd be this way

She's so close yet so far  
From nothing at all  
She's so close yet so far  
From nothing at all  
She just wants the lime light  
But she caught the wrong flight  
And now she's just another face in the...  
Face in the crowd

She moved to Hollywood just for the big screen  
And to model on the cover of magazines  
All her friends around her want the same damn thing...
