Hey miss unpredictable I got your message what's
going on
Cuz I know your dude gets uncomfortable when we talk
And you think we should stop.
But come on
Everything is good
I'm passed looking back trying to catch a moment
where it went bad...
When there wasn't any. and you...
You played such a roll and it's a taken such a toll
Now I'm losing control.

I've made it too far to look back, Woah
One of the things that I know
I'll never stop
And I can't wait till the day you realize your loss, Woah
This is the last song that write to you
I've made it too far to look back, Woah
One of the things that I know
I'll never stop
And I can't wait till the day you realize your loss, Woah
This is the last song that write to you

And no no no... I didn't forget that it's your birthday
Don't forget anything... I remember everything
That's why I wrote this...
Not cuz you called...
I was thinking the past few days of how you deserve
the best.
So this for while your out by the pool
Margarita in your hand just looking real cool
Taking in the sun rays through your sun shades
While you lay and you sun bathe
So next time somebody tries to hold you down
You can tell that bitch or you can tell that dick...

I've made it too far to look back, Woah
One of the things that I know
I'll never stop
And I can't wait till the day you realize your loss, Woah
This is the last song that write to you

I've made it too far to look back, Woah
One of the things that I know
I'll never stop
And I can't wait till the day you realize your loss, Woah
THIS IS THE LAST SONG THAT I WRITE TO YOU!
