Good morning to you
Hit snooze till the afternoon
Get dressed lets cruise
We'll make our way along the bay
I'll make the day of being starstruck in your eyes
No hesitation
No reservation
How do you do what you do
Mysteriously smooth
With the way your eyes light up the sky
And the way your hair falls every night
Tell me how could it get
Better than this
No hesitation with no reservations

I wake up I wake up
So glad that I'm not dreaming
We'll stay up we'll stay up
Get lost and drunk all weekend
If a soundtrack played each and every day
To the life we've made it'd say
Everything I do with you
Is cruise control smooth

So I wont let go
Intrigued by your magic show
So this case wont close
It's opened on and on
And we're blasting off little astronaut
Still starstruck in your eyes
Just believe we can reach a new galaxy
How could this ever get old
Like a favorite t.v. show
I like every roll in every episode
That you've ever shown, swear you've got me sold
Tell me how does it get
Better than this
No hesitation with no reservations

I wake up I wake up
So glad that I'm not dreaming

We'll stay up we'll stay up
Get lost and drunk all weekend
If a soundtrack played each and every day
To the life we've made it'd say
Everything I do with you
Is cruise control smooth
