Hello I've read the letters from you
I stayed true but times have changed and I've moved...
on
There was no reply back I'm gone you took too long
Here's a verse in a song, the only place along where
you belong
Hello my friend I'll return again to where we've been
Until then remember times that we spent
I'm faded, frustrated
Running through these memories
I can't take it.

And I've been down
To the bottom of every blunt I've rolled
If you were worth the time
I wouldn't have lost the rhyme
And my words would have read you

Run Run
Get Away
Set sail
Was it worth the price you paid
Step back to the outside
Find me caught upon the west tide tonight
Run Run
Get Away
Set sail
Was it worth the price you paid
So long from the other side of the world
So long, so long

So let go for now
My heads in the clouds
I'm sick of doubt
I've been biting my tongue, but now
Now I'm back on track so intact as I reminisce
Some of the past is ridiculous
Receiving all these messages cuz they're missing this
So let go
The ones who abuse the trust in you
Search for the ones with with the truth

I'm faded, frustrated
So I've, I've gotta run.

Run Run
Get Away
Set sail
Was it worth the price you paid
Step back to the outside
Find me caught upon the west tide tonight
Run Run
Get Away
Set sail
Was it worth the price you paid
So long from the other side of the world
So long, so long
