Every morning I'm feeling
Afternoon it's passion (passion)
Oh, when that breeze awakes me
I'm not so sure what's happening

All my feelings are inside
Love sensation refuse to hide (refuse to hide)
You're something special in my mind
I didn't think I'd ever find

Ooooooooooooooooooh
Ooooooooooooooooooh
Ooooooooooooooooooh
Ooooooooooooooooooh

My forbidden lover (I know what you need)
My forbidden love (I know what you like)
My forbidden lover (Don't make me plead)
My forbidden love
Take me tonight

Don't apart each day of my life
No dying last in emotion survive (emotion survive)
Inner visions are running wild (wild)
I'm so afraid

Ooooooooooooooooooh
Ooooooooooooooooooh
Ooooooooooooooooooh
Ooooooooooooooooooh

My forbidden lover (I know what you need)
My forbidden love (I know what you like)
My forbidden lover (Don't make me plead)
My forbidden love
Take me tonight

I've got to end this love of ours
But it's just not fair
Woo oh, will never, never lose you, babe
It's time to break away

Ooooooooooooooooooh
Ooooooooooooooooooh
Ooooooooooooooooooh
Ooooooooooooooooooh

My forbidden lover (I know what you need)
My forbidden love (I know what you like)
My forbidden lover (Don't make me plead)
My forbidden love
Take me tonight

Ooooooooooooooooooh
Ooooooooooooooooooh
Ooooooooooooooooooh
Ooooooooooooooooooh

(Instrumental break)

Ooh, baby
Your touch is so close
Ooh, my baby
I'm out of control

Oh, don't let you go
what I feel for you
Why I seem to care

My forbidden lover (Don't ever call me)
You know what I need (Deep down you want me)
My forbidden lover (Ooh, baby)
Why don't you touch me, please

I know what you need
I know what you like
Don't make me plead

Take me tonight
Take me tonight
