I'm gonna beat you cause I love ya !!!!

Everything she wants, she gets
Everything she sees, she needs
She look as you and sez, you're mine
You can't resist her wish this time
Sacrilegious, superstitious, so delicious
I'm a scuba diver for your love
Like a habbit, got to have it
Cleopatra, blow your mind

Invitation to your house of sin
You're a victim when she lets you in

Supernatural mystic world
Eyes so cold, she'll take your soul
Supernatural wicked heart
Give her a schance, she'll tare you appart

Love's in the air tonight
Don't know if I'm wrong or wright
Seduction guaranteed, well well
We're going straigh to heaven or hell

I'm gonna eat cha like candy
Feels so good, like I knew it would
She's the natiest wich in the neighbourhood
Lickity, lickity, lick lick
Stimulating, everything dshe do
Dominating, her web well catch you baby

Supernatural... "spank me before you yank my chain"
