Chorus:

Little Wild One, my little wild one

Oh, I love my girl fine

But when I need a wild time

Little Wild One, I'll come back to you

All the girls at school

Were never quite as cool like you

They were all teasin' 'n talkin'

You were always pleasin', let's do

Bridge:

With them I feel like I'm wasting my time

When you make me feel like I'm losing my mind

Repeat Chorus, Bridge

Little Wild One, my little wild one

Oh, I love my girl fine

But when I need a wild time

Little Wild One, I'll come back

Little Wild One, I'll come back

Little Wild One, I'll come back...to you
