How come you said
That it would only be me for you
When all of my friends
Tell me they've seen you with somebody new

It hurts me so badly deep down inside
When I think about all of your lies

Oh ohh oh
Your world goes on but for me
My world is over
Your love is gone so for me
My world is over

I lay awake thinking about all the plans
that we made
We're you in love, or was it just one more role
that you played

Well since I found out baby everything's back
Cause I know that your not coming back

Oh ohh oh
Your world goes on but for me
My world is over
Your love is gone so for me
My world is over

I don't know where I'm gonna go now
But I've got to move on some how

It hurts me so badly deep down inside
When I think about all of your lies

Oh ohh oh
Your world goes on but for me
My world is over
Your love is gone so for me
My world is over

I don't know where I'm gonna go now

But I've got to be strong some how

Oh ohh oh

Your world goes on but for me

My world is over

Your love is gone so for me

My world is over

My world is over
