I hear in color, I see in black and white  
I was talkin' to my mirror, it wouldn't talk back  
I tried speaking. but my tongue was too thick.  
Oh oh baby, I've had enough of this shit.  
Then I looked to my eyes, the mirror to my soul,  
This life is good, but it ain't rock'n'roll

My head is rockin' and my eyes roll,  
My head is rockin' and my eyes roll,  
My head is rockin' and my eyes roll,  
My head is rockin', rockin. . .

Bad seed, rye drink is my fuel to fly.  
Running on reserve, I'll give the easy life a try,  
I'm looking in my eye, the mirror to my soul  
This life is good, but it ain't rock'n'roll

My head is rockin' and my eyes roll,  
My head is rockin' and my eyes roll,  
My head is rockin' and my eyes roll,  
My head is rockin', rockin. . .

Sex, drugs, and rock'n roll, it's all the same to you.  
Girls dancing on the table, doin' the hoochy coo.  
sticky floors and smokey rooms, I started to miss,  
I miss looking for a girl to slide on this. .  
Then I looked to my eyes, the mirror to my soul,  
This life is good, but it ain't rock'n'roll  
Then I looked to my eyes, the mirror to my soul,  
This life is good, but it ain't rock'n'roll  
This life is good, but it ain't rock'n'roll
