It's all over now, you look real neat,

What I want to know is, how you going to eat. . .

I'm going to knock your teeth out,

I'm going to knock your teeth out,

I'm going to knock your teeth out, one by one,

I'm going to knock your teeth out, one by one, by one

Fate's taken a twist, I've evened up the score

Blue blood on my fist, your teeth on the floor.

I'm going to knock your teeth out,

I'm going to knock your teeth out,

I'm going to knock your teeth out, one by one,

I'm going to knock your teeth out, one by one, by one

You shouldn't have done it baby, I must have been
crazy,

You swung, I ducked and you missed, Now your gonna
take this.

I'll be starting at the front and thrashing down your jaw.

as each filling starts missing, I'm digging it more and
more.

Just stand there and be still, don't start spoiling my fun.

I'm not going to stop here until my job is done, dig this
baby

I'm going to knock your teeth out,

I'm going to knock your teeth out,

I'm going to knock your teeth out, one by one,

I'm going to knock your teeth out, one by one, by one
