Yeah (This is the life, I live) Ta Smallz,
Bizzy Bone. Life Entertainment,
you know what it is (Welcome to my life) Yeah.
(This is the life I live) Sit down while we tell you
'bout life. (Welcome to my life)

Now give me a minute so I can tell you what it is
This is for the kids, this is for the world
This is for the love that I share with the temple,
that we all are of one accord
Livin' this life I feel my,
my spirit take flight and then my soul arises to new
heights
Alright, little glory in hindsight, let's go, let's roll
Hold up, gotta get that quickly, simply, that masterful
turn of the symptom
One more day to go, your welcome to the hood that I
come from
Never gon' run from, welcome to the battlefield
That's where the murder and the battles real
We them guillotines, 9 mms in the trenches,
henchmen, it's ascension
Pinch hitters are the reverends and we love not our life
till the ending
To the beginning, swerving, and we mendin', look at
the time we spendin'
Or did I blend in well or what? Sit down get a cup of
somethin'
I'm in a rush for the plush, and plus,
In God we trust, yeah Jesus with us, yeah Jesus with us
And what a song, sprinkle like sweet rain, never never
come again
It's cool, I want to ride and we'll find,
no other is like mine, no other is like mine.
Mankind, get a clue, life is twice as nice
Allahu Akbar, I won't ever leave Jesus Christ

It's my life
It's gon try to break ya (life)
It's gonna complicate ya (life)
It's full of fakers (life)

Ya gonna meet some haters
You could get blown away
Could be gone tomorrow, but your here today
Gettin tired of the struggle, need to go get paid?
Stop runnin with the devil and go get saved.

You know I'm getting tired of just barely getting by, and
Just tryna live my life, sometimes I don't know why I'm
rhyming.

Look in my babys eyes, It's keeping me from dying
I bet a million to one, them boys got perfect timing
Just like your dad is shining, another perfect diamond
I can't believe they grow up, don't wanna see them
riding

Don't wanna see them grinding out in this battlefield
People in the streets like to shoot to kill
They want to rise and steal, and this is so for real
I said, Whatchu want?

I Got it.

Whatchu need?

I Got it.

Any deeds for my seeds, you can believe
Watch mister nice guy turn in to a beast

Whatchu know?

I taught it.

Whatchu need?

I bought it.

I do it all for my peeps so they ain't gotta hustle to eat.
It's my belief? It's Life.

They say life's a bitch, and then you die, that's a lie
At life you get rich, or either die trying
My lifes been pain, parents died

But I made it through the rain, tragedy to triumph
First they killed my mom, and now my dad is gone

They injured this child, now I'm so alone

You see the devil chasing, when the grown man cries

So I asked the question with tears in my eyes

Why does the good die young, the young always die?

Why is everybody close to me in the sky? I said,

I can't take it, I can't fake it, I'm gon' make it, you can't
break this,

From streets to churches, spin the songs and verses, I
saving souls

I'm here for a purpose, when they murderd mom and
dad, december 9,

You protected me, you saved my life - (My life)
