Coming down town
To the dance hall to play
Searching outside
Which for most it's okay
But it never works out
Yet I try anyway
I don't know what else to say
I don't know what else to say
I don't know what else to say today
I don't know what to do now

Talking is garbled
Your dress has to fray
Your best friend is angry
Cause you haven't changed
But I'd like you to come back while we're in this haze
I don't know what else to say
I don't know what else to say
I don't know what else to say today
I don't know what to do now

Searching the white walls
Of your private stage
Sitting in dark halls
You don't know my face
But you like to feel
Angry and shallow and sage
I don't know what else to say
I don't know what else to say
I don't know what else to say today
I don't know what to do now
I don't know what to do now
I don't know what to do now
I don't know what to do now
I don't know what to do now
