There's so much more I'd like to say  
How my life has been changed  
And I will take these memories  
And i will share them with you everything

Everything, everything for you  
All my deepest moments naked to our truth

Though we've had some hard times together  
We thought this love was over  
And I can't turn away from you, no  
I can't turn away from you

Gonna live our dreams and love forever  
Nothin' I can see without you  
'Cause I can't turn away from no  
I can't turn away from you...

Lookin' at you takes my breath away  
It all feels so amazing  
I can't hold this smile inside  
You have broken down all these walls

So take a breath and run away with me  
I'll give you everything so you can feel the truth  
Oh yeah

Though we've had some hard times together  
We thought this love was over  
And I can't turn away from you no  
I can't turn away from you

Gonna live our dreams and love forever  
Nothin' I can see without you  
'Cause I can't turn away from no  
I can't turn away from you...

You catch my tears when I cry  
And pull me through when the tide is high  
And though we've had some hard times  
I just know that you're the one

Sometimes it feels like I can't be with you  
No I can't be without you, be without you....

Though we've had some hard times together  
We thought this love was over (ohh Yeah)  
And I can't turn away from you no (I can't turn away)  
I can't turn away from you (I can't turn away)

Gonna live our dreams and love forever (you..)  
Nothin' I can see without you  
'Cause I can't turn away from no  
I can't turn away from you... (oh no, no..)

(Oh yeah)  
( 'Cause I can't turn away)  
(I can't turn away from you)
