Out in empty streets
Darkness filled with rainy beats
Perfect time to leave
No one needs to be deceived
You deserted me
Baby, I'm alone but not free

Time has stopped tonight
Inner voices call to fight
Now I'm left behind the door
No more points to score
Feels like I'm insane
Blinded by the tears of pain

Who will come in the rain
Who will come in the rain now

What a shame
What a toy in your hand is a friend
You throw him away
Don't give a word to say
I can feel it in the air
Your promises broken
Devastation - memories stolen
Sorry, how can you be sorry
And again and again
Fill my soul with rain

Maybe that's my fate
I've always been too proud to wait
Maybe God is leading me
To my destiny
So it wasn't you
And a love we shared was not really true

Thrill my blinded heart
Give me a ticket to depart
Or stab me from the back
Right away attack
Waiting down the track, yeah

Who will come in the rain
