E hey hey hey
You smile but it looks so mislaid
Hey hey
My feelings say go any way
Hey hey
I wanted things to be just like so
You smile and you tell me "No"

I'll wait for a long time
You faded not wishing me well
Sent me to my own private shell
Without any feeling
It's petty thoughts of love where I fell

I'm head over heels
Close to you forever I feel
The ship of love in full overkeel
Oh yes
It's so lonely
You have gone
I know it's so real
