See me with a , see me with a ,  
It was only the white, the fingerprints  
Heads up, we screw faces, shootout in 10 paces  
All white case, shoe laces  
Fighting mad cases, these dudes got several strikes  
5 o 1 jeans white beater with that west side like  
64 , popping flashlights  
Youngsters I here blast all you in broad daylight  
I ,buggy, I never learned to sea walk  
I used to have a curl but I ain't never rock a ,  
Trying to bubble from , all the way to the jungle  
Grew up in the playboy saying that I'm , for trouble  
Playing cat throw ,  
Smoke in the ,  
My men just got back from hombo  
Till you figured out,  
See me with a , see me with a , see me with a ,  
It was only the white, the fingerprints  
See me with a , see me with a , see me with a ,  
It was only the white, the fingerprints

I'm so west , my la fitted  
All oppositions, sleep with the fishes  
Niggers don't get it my coast relentless  
Get caught up in the wrong hood, you come up missing  
Ei, , candy , with escalades  
All my niggers,  
We got the hoes, got the best weed  
Need I say more? , beware  
West side, I'm killing them  
2 piece, watch the Brazilians  
, got booze in the ,  
Smash in the , blowing big bud  
Burning up the sunset  
Yo, we don't get no more west coast then this  
Pop 2, smoke 3 and finish off this fit  
See me with a , see me with a , see me with a ,  
It was only the white, the fingerprints  
See me with a , see me with a , see me with a ,  
It was only the white, the fingerprints

Yeah, I'm west coast, west side, 90008  
La, California loving how these niggers ,  
Yeah I representing that underground rap shit  
Nigger I invented that  
I'm west life the Bombay  
West without the Kanye,  
West like larry parker, west like bary  
,show time, , just call me Jerry  
See , out to Colorado, maybe down to Arizona,  
,first one to throw up the dough, outside the ,  
First one to freestyle, thinking outside the box  
First one to bubble in my hood without slagging rocks  
,west side hip hop  
I just hope y'all niggers get the message  
When you see me in the hood and I'm throwing up the ,  
See me with a , see me with a , see me with a ,  
It was only the white, the fingerprints  
See me with a , see me with a , see me with a ,  
It was only the white, the fingerprints  
See me with a ,  
It was only the white, the fingerprints.
