"Frozen Feet"

The sky was folding in upon itself
you were wearing oriens belt
to keep your droors from falling down
cause everything was crumbling round
the stars were dark
we strolled along to estes park
though I couldnt see a thing that night
the sky was folding in upon itself somehow

so we moved along the outside
the east side to the west
we went up to the hillside
they said the air was better up there
and we have to say
cause if we wait too long it'll be too late

come with me or so it seemed
theres greener grass beneath our frozen feet

I glanced on at the cards that Id been delt
as the snow began to melt
9 or 10 a queen or king
but there was no one inbetween
far away
I couldnt hear a word you'd say
I think I was supposed to stay
but I just had to move along the outside with you at my
right side
we went up to the hillside they said the air was better
up there

come with me or so it seemed
theres greener grass beneath our frozen feet

but if we wait too long it'll be too late
and when the sun comes out itll be too late and when
the clock strikes 12 it'll be too late in the day so
lets be moving on before it gets too late in the day
too late in the day
too late in the day
too late in the day

too late...
