Intro/Chorus: Ol Dirty/Osirus

As high as Wu-Tang get

Allah allow us pop this shit

Just like black shoe fit

If you can't wear it, well don't fuck with it!

Verse One: The Genius/GZA

Yo, too many songs, weak rhymes that's mad long

Make it brief Son, half short and twice strong

No doubt, it took time searchin, eventually

it was prime urgent, for you to examine the rhyme  
merchant

Lace MC's with styles when they rhyme drunk

On a label hunt, until twenty thou, out the trunk

Eight Diagram sword swing armored tank force  
RZA throw in the disc but then change the bank source  
You can't flow, must be the speech impediment  
You got lost off the snare off Impeach the President  
Whether in Amsterdam smokin seven grams of green  
then you pack, a thousand white teens in tight jeans  
This Witty Unpredictable shot is critical  
to analytical analogy, insurance policies why  
Said he know that sounds define the note  
Couldn't recognize, blast him the fuck behind the ropes  
Too many dope niggaz I see starvin  
Catch a single deal, a possible plea bargain  
Wu slay regardless to whom or what, five mics five  
nights  
Hang him from the balcony, drop twenty-five flights  
A fugitive bass playin rap czar  
smoke the cigars, his prints on the strings of his guitar

Chorus

Verse Two: Method Man/Iron Lung

Tical got a hold on ya, doin exactly  
what the fuck I mariju-wanta, dis nigga nasty  
Deep in the dirty dungeon, buggin, lovin  
the ways these rhymes keep comin, at cha splash ya  
Get your head piece fractured, with killer cuts  
prone to drops ya, slash ya, rip shit up  
Got this whole thing Tang mastered, sho nuff

An MC too good to be touched, John John  
bring the phenomenon, I cold crush  
MC, inferiorities they froze up, ice cold  
as we move on, saga unfold  
Captivated by a saga that go untold, like Goldfinger  
Caught up in a cliffhanger  
Yo I-N-S another code red, danger, break out the vest  
Now it's tactical warfare, it's all here  
Come with your shield and hardware, it be on here  
Don't ever roam, in the naked city  
Eight Fingers stories none pretty  
Bomb em wit the Witty Unpredictable, conditionin be  
critical  
Peace to Tang, gettin high on your physical, dis next  
drink  
is a toast to your memory  
When I go how many niggaz gon' remember me  
Chorus
