These things just took over me  
Just took over my whole body  
So I can't even see no more  
I'm calling my black woman a bitch  
I'm calling my peoples all kinds of thing that they not  
I'm lost brother, can you help me  
Can you help me brother, please  
You see what we did, we lost the love  
I'm talking 'bout the love  
The love of your own  
But brother, but brother, but brother, check this out  
I still don't understand man, I'm all high off this shit  
man  
Well, what I'm trying to say my brother  
Why, why do we kill each other  
Look at our children, what kind of a future  
This is the training thats gonna be given to you  
By the Wu, brothers and sisters  
The revolution, the revolution  
It's time to rise, and take our place  
Will be televised, televised

So we can inherit the universe  
The planet earth belongs to God  
This is ninety, ninety, ninety-seven  
Every square inch of it  
That he chose for himself  
Is the best part  
Yeah, the revolution should be, televised)  
By every strong woman  
To the highest power  
You'll find a strong man  
And by every strong man  
You'll find a strong woman  
Wont you agree  
The universe is not completed  
Without the sun, moon, and stars  
Wont you be for real  
Thats man, woman, and child  
To the highest power  
To all you fake ass niggas who  
Think you gonna survive out here  
Without your black woman, you're wrong  
They have attraction powers on the planet  
I wanna be free  
We are original man, the Asiatic black man  
The maker, the arthur, the cream of the planet earth  
Wanna be free, yeah

Father of civilization and daughter of the universe

Want to be free, oh yeah

The population was seventeen men

With the two man indians

Making a total of nineteen men for all

Being, for all men, all over the planet earth

Magneta, magneta, magneta, Wu revolution king yeah

Arise you gods, cause the time for the revolutionary war

Thats the mental war

Malcolm X, Malcolm X, Malcolm X

Thats the battle between god and devil

Gonna be free

Take the devil off your plane

Take him off your mental mentality

Take him off your brain

Make a change, from my mind

Leave all the ciggarettes and guns

The alcohol and everything

Thats the mental devil that exists within your body

Take this pain

Thats destroying and decaying your mind

Take these chains, off my mind

The mind controls the body

Everything within must come out

Want to be free

Don't look towards the sky  
Cause there's no heaven above  
Don't look down beneath your feet  
There's no hell below  
Want to be free  
But heaven and hell exist within  
Heaven is what you make it and  
Hell is what you're going through  
There is only one, god  
There is a whole new one, faith  
There is a holy one  
World, revolution yeah  
At one time it was told to me  
Yeah  
That man came from monkeys, ha ha ha  
That we was swinging from trees  
I hardly can believe that unless  
I'm dumb deaf and blind  
Save the children  
You ever heard about the ape man  
Gonna be free  
And the ape woman  
Hey, want to be free  
You have a mankind  
That has a beginning to him  
And its ending is about to come

Oooh, yeah

If you take one step

I will take one with you

Through the stormy vein

Swim the deepest sea, with you my brother

I know, you got to be strong

Gotta hold on

Now the story is about to close

It was a hundred percent of us

Save the children

That came on the slave ships

Eighty five percent of our future

They're our future

Was uncivilized

Poison animal eaters

They're slaves of the mental powers

Save the children

They don't know who the true living god is

And all the orchards in the world

Save the children

So they worship what they know not

And let evil lead them in the wrong direction

Far fewer men than right

Now you got the ten percent

Who are rich slave niggas of the poor

Who teach the poor lies  
To make the people believe  
That the old mighty true living god  
Is a spook in the sky  
Save the children  
And you can't see him with the physical eyes  
They're also known as blood suckers of the poor  
Save the children  
And then you got the five percent  
Who are the poor righteous people who do not believe  
The teachers of the ten percent  
Save the children  
Who is all wise and know that the true  
And living god, and teach that the true  
And living god is supreme being black  
Man from within  
Otherwise known as civilized people  
Also Muslims, and Muslims sons  
Peace we out  
[Cut to Kung-Fu clip]  
I have given it much thought  
It seems, disaster must come  
At best, only postponed  
Shaolin Kung-Fu to survive  
Must now be taught to more young men  
We must expand, get more pupils

So that the knowledge will spreads
