Fell asleep alone again
Tis the only medicine
Wipe away your tears
Where are you now, lady?
You been lost for years

Na na na na na na
Na na na na na na
Na na na na na na

Don't worry baby
Everythings about to get heavy
Are you ready?

(Chorus)
Let's try, love
Oh baby, do you think your big enough?
Just take, my hand
Don't think about it and take a chance
Come on you know you can find it
Sit back and take the right medicine
Let's try love,
Oh baby do you think your big enough?

Na na na na na na
Na na na na na na

You're square like a record, baby
And wear me out
Your rare like a legend, honey,
Can't figure out, you.

Na na na na na na
Na na na na na na
Na na na na na na

Don't worry baby
Eeverythings about to get heavy
Are you ready?

(Chorus)

Let's try, love
Oh baby, do you think your big enough?
Just take, my hand
Don't think about it and take a chance
Come on you know you can find it
Sit back and take the right medicine
Let's try love,
Oh baby do you think your big enough?

(Solo)

You're hard like a pistol, baby
Won't make a sound
You're hard like a crime, honey
Until we touch the ground

(Chorus)

Let's try, love
Oh baby, do you think your big enough?
Just take my hand
Don't think about it and take a chance
Come on you know you can find it
Sit back and take the right medicine
Let's try love,
Oh baby, do you think your big enough?

Let's try, love
Oh baby, do you think your big enough? (x3)
