Let nothing disturb you
Let nothing frighten you
Everything passes away

Looking into the past
Thought a mirror copy
I am I ever going to find out
What I am searching for
Everybody count your stars
From the past to remind us
Living is a test of love
Impossible life
Sometimes I feel like
I shut down and fade to light
AIEIE IEYAA

Everything passes away
Woahoahoa
And not your heart
Be so troubled by this
Everything passes away
Woahoahoa
And not your heart
Be divided by this.
Everything, everything
Everything passes away

What if you find yourself
In a room full of riches
Having everything you want
Does it feel alright
What if you looked again
See the love that's around you
Isn't it a better place
For your heart to live
Sometime I'll rise up
And latch on to what you need.
Yeahie yeahie yeahie yeah

Everything passes away
Woahoahoa

And not your heart
Be so troubled by this
Everything passes away
Woahoahoa
And not your heart
Be divided by this
Everything, Everything
Everything passes away

So god so loved the world
And gave his only forgotten son
And those who always believe in him
Shall not perish
But have eternal life
Eternal life
Eternal life

Everything passes away.
Woahoahoa
And not your heart
Be so troubled by this
Everything passes away
Woahoahoa
And not your heart
Be divided by this.

Everything passes away.
Everything passes away.
Everything, Everything
Everything passes away.
Everything, Everything
Everything passes away.
