Chorus:

Baby , baby i can't let go, don't you know  
Girl , I love you so  
I - I - I -I'll never break your heart ,  
we will never part  
And I can't , girl I won't , let you go

Baby , I love you girl , I'm never gonna let you go  
I'm never ever gonna hurt you so  
When you in my arms , you fill me up with  
All of your charms , baby  
You are the best thing that I ever had  
I'm never ever gonna treat you bad  
I'm never ever gonna make you sad , girl  
Step into my world , I'll do anything for you baby  
Hold on , cause I want you to know

( Chorus )

Baby when you're not by my side  
I miss you so much , I might cry  
I 'm sensitive type of guy  
Baby you're my desire , you love just take me  
Higher , higher , higher !  
Anytime I see your face , you make me glad  
I'm never ever gonna treat you bad  
I'm never ever gonna make you sad , girl  
Step into my world , I'll do anything for you baby  
Hold on , cause I want you to know

( Chorus 2X )

I'm saving all my love for you  
My love will be true , no other girl can compare you  
Now , I down on my knees , my love is aiming to please  
Hold on , don't you ever go , cause I  
just want to let you go

( Chorus 2X )
