[1st Verse]

I remember how you use to touch me in the morning
when I'd rise
And how everything seemed right when I looked in your
eyes
I guess it true you never miss your water until your well
runs dry
Girl I really miss you here in my life

[Chorus]

Baby what can I say (what can I say)
Yes I was wrong (yes I was wrong)
Girl I admit I was unkind
Now what can I do (what can I do)
Now that your gone (now that your gone)
Baby let me back inside
Never in my life
Did I know a love so true
How can I live life
When my life begins with you
And I'll keep searching all my life
Until I find the perfect one It's you (it's you, it's you)
Never in my life did I know
Did I know a love could ever be so true
Never in my life did I know
Babygirl all I need is you

[2nd Verse]

I took advantage and took you for granted baby from
the very start
And everything you gave to me came straight from
your heart
Now will we ever get back to holding hands,
will I ever get another chance
To prove to you and show you that I can be a better
man

[Chorus]

Oh what can I say (what can I say)
Guess I was wrong (guess I was wrong)
Girl I admit I was unkind

Now what can I do (what can I do)
Now that your gone (now that your gone)
Baby let me back inside
Cause never in my life
Did I know a love so true
How can I live life
When my life begins with you
And I'll keep searching all my life
Until I find the perfect one
It's you (it's you, it's you)

[Bridge]
After all the dust has settled
And everyone on earth is gone
What will you do
When we are standing
Face to face, one on one
Will you kiss me baby, love me like crazy
Will you tell me you want me again (tell me you want
me again)
Cause I'm lost and uncertain,
I'm tired of huring I just need you in my life
Never in my life
Never in my life
It's you, it's you, it's you, oh-oh oh-oh
Tell me you want me again, oh-oh oh-oh-oh
Babygirl all I need is you, oh-oh oh-oh
Tell me you want me again, oh-oh oh-oh-oh

[br]

Babygirl all I need is you
