So are we over now
Do we just turn the page and let the story end
Do we just walk away just like we never met?
I know we said some things
And now you want to leave
But maybe that's no reason to let a good love die

Why goodbye
Why must it be this way
So many words
So many other words that we could say
Why goodbye
After all this time?
Can't we try why goodbye

Why can't we work it out
Why can't we talk it out
And leave it all this time
Search through the rain of fight
The ray of hope still shines
We can just close the door
Wish they're worth fighting for
We've come so far together
To leave it all behind

Why goodbye
Why must it be this way
So many words
So many other words that we could say
Why goodbye
After all this time?
Can't we try why goodbye

The road of love is never easy
You'll get lost along the way
But in time you will find your way through
We could make it through the bad times
We could make it through the good times
through the stormy weather
Cause we belong together

Why goodbye why must it be this way
So many words so many other words that we could say
Why goodbye after all this time
Can't we try
Why goodbye

No can't we try
Why goodbye

Why goodbye
Why goodbye
