

Takers, The

"Better Holiday"

Visit "[Better Holiday](#)" on MotoLyrics.com

Layin' it all out,
Looking for something to tell you about
There ain't much to heartache,
But time they say

All I wanna do, is get it through
All I wanna do, is get it through
All I wanna do, is get it through
To you...

But the bottle has a way of clangin' loud
Ego has a way of acting too proud
All the avenues are wasted without
A second chance to say the things that were never said

It's a better holiday
Decisions been made
And I've got no say

There's not enough liquor
Not enough wine
To drown you out of my mind

All I wanna do, is get it through
All I wanna do, is get it through
All I wanna do, is get it through
To you...

Days have a way of fadin' out
If there's something you could say, then say it now
Time has a way of lockin' down
Any hope of gettin' out, or gettin' back in
The place we were back then

I lay it, all out
Lookin' for somethin'
To tell you about...
