Don't scream, don't cry  
There's too many tears  
Like a lake around this place  
After all these years

We've been through  
More than our fair share  
But we're both here  
Still standing there

We've made it this far  
And there's more to come  
From the beat of my heart  
To the beat of the drum

And the shoe box of memories  
Means more to me  
Than any argument  
That could ever be

At the end of the day  
Am I what you've waited for?  
How can I say that I need you  
More and more and more

Years go by  
And it's just the same old war  
What we have  
Is still worth fighting for, what are we fighting for?

Don't walk, just run  
Come over to me  
Everything that we were  
We still could be

Tear down the walls  
That are in the way  
We can start all over  
It's a brand new day

When the sun comes up  
We'll look back and laugh

Nevermind the numbers  
I can do the math

Multiply everyone  
That I've ever known  
You're the only one  
That feels like home

I painted a picture  
Of a boy that was trying  
And a girl that was smiling  
And she looked just like you

At the end of the day  
Am I what you've waited for?  
How can I say that I need you  
More and more and more

Years go by  
And it's just the same old war  
What we have  
Is still worth fighting for, what are we fighting for?

Never look back on what we had  
Just try to believe in what we have  
Just think this out and take your time  
'Cause it's not your fault and it's not mine

Never look back on what we had  
Just try to believe in what we have  
Just listen close to the beat of my heart  
It's yours for the taking

At the end of the day  
Am I what you've waited for?  
How can I say that I need you  
More and more and more

Years go by  
And it's just the same old war  
What we have  
Is still worth fighting for, what are we fighting for?

At the end of the day  
(Say your right for me)  
Am I what you've waited for?  
At the end of the day  
(Say your right for me)

Years go by  
(Say your right for me)

And it's just the same old war  
At the end of the day  
(Say your right for me)

I painted a picture  
Of a boy that was trying  
And a girl that was smiling  
And she looked just like you
