I was headed for a close encounter  
She's eternal, spotless on the mind  
Sun burnt on a battlefield  
Walking on the Mason Dixon line  
Soaking in a burned up journal  
Couple entries cut me down to size  
I could see the story ending  
Already written in her eyes

Don't fall asleep  
Don't fall asleep tonight  
Don't fall asleep  
Don't fall asleep

So I buried my convictions so deep  
Had to leave a map to get back home  
Rebel with a fear of flying  
It's time to try a new time zone  
And the coast of Marseilles calling  
Late at night I hear it in the wind  
In my dream I'm always falling  
She asks me if I'm coming in

Don't fall asleep  
Don't fall asleep tonight  
Don't fall asleep  
Don't fall asleep tonight  
Don't fall asleep  
Don't fall asleep tonight  
Don't fall asleep  
Don't fall

I'll keep you warm  
Someone to hold you if he won't  
I'll keep you warm  
Someone to hold you if he won't  
I know you're so afraid  
Of frozen notes and wet parades  
I'll keep you warm

Just going through the normal changes  
Just seeing what summer's gonna bring

If I had to do the whole thing over  
I wouldn't change a single thing

Don't fall asleep  
Don't fall asleep tonight  
Don't fall asleep  
Don't fall asleep tonight  
Don't fall asleep  
Don't fall asleep tonight  
Don't fall asleep  
Don't fall asleep tonight  
Don't fall asleep  
Don't fall asleep tonight  
Don't fall asleep  
Don't fall
