There was a king with magic hands
There was a crown and a touch of gold
The crown was up in the game of chance
Welcome king midas

King midas oh the secret of your touch
King midas oh I like your smile so much
King midas oh the way you spin me round
I'm going down down down to vegas

There was a heart of broken dreams
There was a town where the dreams came true
The golden touch of the disco beat
Welcome king midas

We are the stars and we like the fame
We're the gamblers of nevada
You know the rules and you know the game
The winner takes it all

King midas I love your heart of gold
King midas one look and I was sold
King midas the way you spin me round
I'm going down down down to vegas

King midas oh king midas oh king midas oh
King midas the way you spin me round
I'm going down down down to vegas

There was a king with magic hands
There was a crown and a touch of gold
The crown was up in the game of chance
Welcome king midas

We are the stars and we like the fame
We're the gamblers of nevada
You know the rules and you know the game
The winner takes it all

King midas oh the secret of your touch
King midas oh I like your smile so much

King midas oh the way you spin me round
I'm going down down down to vegas

The midas touch come hold me in your arms
Las vegas night my dream will come true
The midas touch, the sparkle of your charm
Las vegas nights I'm longing for you,
You and all your money

King midas
Oh king midas
Oh king midas
Oh king midas
Oh king midas
