Stand to be found  
Found to be guilty  
A foolish game a crying shame  
Over the hills  
Down through the valleys  
The evil eye an end to die

Until the day the gods help us all  
Chained my heart shall stay  
Until the day the gods help us all  
Wipe the earth away

Rhythm divine  
Breath of the forest  
The trees hear sigh to heavens high  
Cry of the whale  
Voice from the desert  
The evil eye an end to die

Until the day the gods help us all  
Chained my heart shall stay  
Until the day the gods help us all  
Wipe the earth away

There comes a better world  
A perfect place to live  
The moment gods appear  
Away this life I give

Until the day the gods help us all  
Chained my heart shall stay  
Until the day the gods help us all  
Wipe the earth away

Until the day the gods help us all  
Chained my heart shall stay  
Until the day the gods help us all  
Wipe the earth away  
Until the day the gods help us all  
Wipe the earth away
