Flash dance, a last chance maybe
Too cynical to believe
On the right night with the right light shining
Shine a little light on me
Applause, a lost cause coming
I hope that they can't see
Me swerve on a dead man's curve
The way I always thought it would be

She's all I want
She's all I need
If it were up to me
We'd be meant to be

Let's go, anywhere you wanna go
I know you're going with me
All I know is what's playing on the radio
Is our song, so turn it up for me
Turn it up for me

I'll fight the good fight, steady now
I'm past the point of fear
I could burn on the return maybe
The future's finally coming in clear

She's all I want (and I want everything)
She's all I need (and I need everything)
If it were up to me
We'd be meant to be

Let's go, anywhere you wanna go
I know you're going with me
All I know is what's playing on the radio
Is our song, so turn it up for me

She's all I want
She's all I need
If it were up to me
We'd be meant to be

Let's go, anywhere you wanna go
I know you're going with me

All I know is what's playing on the radio
Is our song, it's our song
It's our song, so turn it up for me
Turn it up for me
Turn it up for me
Turn it up for me
