I saw a star
Venus and Mars
The sky
Across the rainbow
I find my halo
Venus and Mars

I saw a star
Venus and Mars
The sky
Across the rainbow
I find my halo
Venus and Mars

The clock of time the night of doom
An angel passing through my room
Dark shadows fade the lights away
Like birds of prey

I saw a star
Venus and Mars
The sky
Across the rainbow
I find my halo
Venus and Mars

I saw a star
Venus and Mars
The sky
Across the rainbow
I find my halo
Venus and Mars

The sun the moon the flaming sky
A wandering star in heavens high
Tonight we dream on broken glass
Oh razzmatazz

I saw a star
Venus and Mars
The sky

Across the rainbow
I find my halo
Venus and Mars

I saw a star
Venus and Mars
The sky
Across the rainbow
I find my halo
Venus and Mars
