Ain't no stoppin, me now,

You can't rob the man,
No stop it,
You can't rob the man,
No stop it,
You can't rob the man,
Just drop it,

Ain't no stoppin, me now

You can't rob the man,
No stop it,
You can't rob the man,
No stop it,
You can't rob the man,
just drop it,

Ain't no stoppin, me now

Goin' for it all just to try to be the best
Fully breakin out
Nothin' more nothin' less
Wanna be known
Want the respect
Throw me anything
I'll pass that test

Beleivin' in yourself, man
Changes everything
Yeah, I want it all
Im taking the brass ring
You can call me under dog
You can call me anything
I got alot blessings
That's what faith brings

You can't rob the man,
No stop it,
You can't rob the man,
No stop it,

You can't rob the man,
just drop it,

Ain't no stoppin, me now

You wanna, start something
then go ahead and start somethin'
anytime, any place dog it's nothin
comin' from the bottom on my way to the top
and if things get hard I'm still gon' stop em'

See the ambition's what keeps me goin'
Faith and a blessin' what keeps me goin
that I'll get it one day,
man you'll see
I'm a just be all the best I can be

You can't rob the man,
No stop it,
You can't rob the man,
No stop it,
You can't rob the man,
just drop it,

Ain't no stoppin, me now

You can't rob the man,
No stop it,
You can't rob the man,
No stop it,
You can't rob the man,
Just drop it,

Ain't no stoppin, me now

No

You can't rob the man

You can't rob the man,
No stop it,
You can't rob the man,
No stop it,
You can't rob the man,
Just drop it,

Ain't no stoppin, me now

You can't rob the man,
No stop it,
You can't rob the man,

No stop it,
You can't rob the man,
Just drop it,

Ain't no stoppin, me now

hah

You can't rock with me

nah, nah

ok

You can't rob the man,
No stop it,
You can't rob the man,
No stop it,
You can't rob the man,
just drop it,

Goin' for it all just to try to be the best
Fully breakin out
Nothin' more nothin' less
Wanna be known
Want the respect
Throw me anything
I'll pass that test

Beleivin' in yourself, man
Changes everything

Im taking the brass ring
You can call me under dog
You can call me anything

You can't rob the man,
No stop it,
You can't rob the man,
No stop it,
You can't rob the man,
just drop it,

Ain't no stoppin, me now

Anytime, any place dog it's nothin

(Song Fading out)
You can't rob the man,
No stop it,
You can't rob the man,
No stop it,
You can't rob the man,
just drop it,

Ain't no stoppin, me now

You can't rob the man,
No stop it,
You can't rob the man,
No stop it,
You can't rob the man,
just drop it,

Ain't no stoppin, me now
