So..you think your untouchable?

Word life This is basic thuganomics this is ba basic thuganomics

Word life I'm untouchable but I'm forcing you to feel me

Word life This is basic basic thuga thuga thuganomics

Word life I'm untouchable but I'm forcing you to feel me

Whether fighting or spitting

My discipline is unforgiving

Got you backing up in the defensive position.

An ass kicking anthem

Heavyweight or bantam holding camps for ransom

The microphone phantom..

Teams hit the floor its the new fight joint

Like a broken needle kid you missing the point

We dominate your conference with offense that's no nonsense

My theme song hits, Get your reinforcements

We strike quick with hard kicks ducking ice picks

Bare knuckle men through fight pits beat you lifeless

never survive this You forgot like all timers

Two face rappers walk away with four shiners

the war rhymer Turning legends to old timers

My incisors like a viper biting through you one liners

New "Dead man Inc." and we about to make you famous

Taking over earth and still kicking in Uranus

word life this is basic thuganomics this is ba basic thuganomics

word life im untouchable but im forcing you to feel me

word life this is basicbasic thuga thuga thuganomics

word life im untouchable but im forcing you to feel me

You aint advanced enough to process, potential for medical concepts

some objects are foreign like blot tests

Atrs and sex are complex regardless of your finesse or your fitness, its the condition of business

Your lame vision of an underground physical image
You're underneath to undermine your whole typical
image
With the precision of percentages and the collision of
sentences
Poetry beats your mics we're untouchable like
righteous sluts
with no crevasses , streets unite we rock righter with
dumber beats
You cats couldn't come this hot in the summer heat
But get two takes, kill your birds the first time
You better stay worthy of my filler or worse rhymes
I'm better than nice, check the veterans twice
While you're beside yourself with fear, I'll kill you, bury
you twice
Despite the cover of night tracking your flight, like
guerrilla warfare
Where the grass is dense
Approaching me's a quick way to get referred to in the
past tense
Dead-da when the lights the mic is on, the crowd is
dead like
intermission when you're on the titantron
word life this is basic thuganomics this is ba basic
thuganomics
word life I'm untouchable but I'm forcing you to feel me
