Wellllll, well it's the Big Show
Yes it's a big bad show tonight
Yeah, it's the Big Show
Come on crank it up and turn on all the lights
y'all

Well get ready for somethin'
That you'll never know
You won't see it comin'
But I promise you'll know
The Big Show

Yeah, it's the Big Show
Come on crank it up and turn on all the lights
y'all

Well get ready for somethin'
That you'll never know
You won't see it comin'
But I promise you'll know
The Big Show
