It's all about the Benjamin

Damn straight

I'm dominatin'
Don't run from my conversation
While you anticipatin'
Yo' concentration is takin'
In on yo station
I'm roughin' out
Holdin' information in every situation,
Wtith the quickness,
No hesitation
I can kick it,
What you hatin'
I'm doin' it while you waitin'
Unanamous no debatin'
No crowd participation
And a,
You cant stop when the pressure's applied
So jump inside feel the vibe and let's ride

Desperate Times
Calls for desperate shit
And that's what comin' wit'
Makin' niggas admit
If it ain't hard filin'
Then its hard to spit
And it's hard to go out when your sparkin' it

Cause now

Desperate Times
Calls for desperate shit
And that's what comin' wit'
Makin' niggas admit
If it ain't hard filin'
Then its hard to spit
And it's hard to go out when your sparkin' it

Lights, Camera, and action, man

Players do what they want'
Squares do whatever they can
Keep sayin' like Jackie Chan
My plan is to expand
Advance the game
The game done changed
I rearrange things
Shakin' the the lane
They can't hang
If you ain't movin' fast,
Partner, get out my lane
I'm in a high speed chase
Stopped the car,
To give a bum some change
Back up in the car
Burn rubber again

Desperate Times
Calls for desperate shit
And that's what comin' wit'
Makin' niggas admit
If it ain't hard filin'
Then its hard to spit
And it's hard to go out when your sparkin' it

Cause now

Desperate Times
Calls for desperate shit
And that's what comin' wit'
Makin' niggas admit
If it ain't hard filin'
Then its hard to spit
And it's hard to go out when your sparkin' it

Cuz its knee high
To a grasshopper,
Tone minnow, eye popper,
Showstopper, flow proper,
5.0 squatter,
In town, outta town
Call me up, i'll be down,
Come around, smoke a pound

Lovin' how the vibe sound

Top notch, Don't stop
Tickin' like a wrist watch,
Hot shots kick pot
Tippin' from the gisnotch

Like that, back track,
Fall down, come back
Impact, stay strapped
Niggas gotta feel that

Desperate Times
Calls for desperate shit
And that's what comin' wit'
Makin' niggas admit
If it ain't hard filin'
Then its hard to spit
And it's hard to go out when your sparkin' it

Cause now

Desperate Times
Calls for desperate shit
And that's what comin' wit'
Makin' niggas admit
If it ain't hard filin'
Then its hard to spit
And it's hard to go out when your sparkin' it

Im trade loose, I think too much
Im way loose, I drink too much
I dont fly
I like to drive
I stay high
It keeps it live

Desperate Times
Calls for desperate shit
And that's what comin' wit'
Makin' niggas admit
If it ain't hard filin'
Then its hard to spit
And it's hard to go out when your sparkin' it

Cause now

Desperate Times
Calls for desperate shit
And that's what comin' wit'
Makin' niggas admit
If it ain't hard filin'
Then its hard to spit
And it's hard to go out when your sparkin' it

Im trade loose, I think too much
Im way loose, I drink too much
I dont fly

I like to drive
I stay high
It keeps it live

Desperate Times
Calls for desperate shit
And that's what comin' wit'
Makin' niggas admit
If it ain't hard filin'
Then its hard to spit
And it's hard to go out when your sparkin' it

Cause now

(song fading)
Desperate Times
Calls for desperate shit
And that's what comin' wit'
Makin' niggas admit
If it ain't hard filin'
Then its hard to spit
And it's hard to go out when your sparkin' it
