Deceived by my eyes and all I was told I should see  
Opinions not mine, the person they taught me to be  
One night in the dark, a vision of someone I knew  
And out of the darkness I heard, a voice say, I'm you.  
Inside of me a light was turned on, Then I was alive

#### CHORUS

If you close your eyes your life, a naked truth revealed  
Dreams you never lived, and scars never healed  
In the darkness, light will take you to the other side  
and find me waiting there you'll see, if you just close  
your eyes

Hearts uninspired, trapped inside somebody's dream  
Too close to the fire, yet cold and so numb with the  
pain  
But the fever has broken, and the river has run to the  
sea  
Washed to the ocean, and saved, by a voice inside me.  
Inside of me a light was turned on, Then I was alive

#### CHORUS

Never thought I would be here, so high in the air  
This was my unanswered prayer  
Defined by another, so much wasted time  
Out of the darkness, each breath that I take will be  
mine

#### CHORUS
