"Slow Chemical"

The wonder of the world is gone, I know for sure
All the wonder that I want I've found in her
As the hole becomes apart I strike to burn
And the flame returns.

Every intuition fails to find its way
One more table turned around and back again.
Finding I'm more lost than found when she's not
around
When she's not around I feel it coming down

Get me what I could never ask for
Connect me and you could be my chemical, now
Give me the drug you know I'm after
Connect me and you could be my chemical

When everybody wants (My chemical, your slow)
When everybody wants (My chemical, your slow, slow
and)
When everybody wants you (slow, slow and)
When everybody wants you, slow

Get me what I could never ask for
Connect me and you could be my chemical, now
Give me the drug you know I'm after
Connect me and you could be my chemical

You could be the chemical!
You could be the chemical!
You could be the chemical!
You could be the chemical!
