"Bright Like Sunshine"

Visit "[Bright Like Sunshine](#)" on MotoLyrics.com

It's a thrill the way you are
Breathing out and in to life
Turning all my fears to love

You have cried my tears away
You have won my heart to yours
Now you feel the way i feel

It is bright like sunshine
Not just the night and moonlight
You give me hope to dance again

It's a thrill the way you are
Breathing out and in to life
Turning all my fears to love
All the cloud is fading

It is bright like sunshine
Not just the night and moonlight
You give me hope to dance again

You have cried my tears away
You have won my heart to yours
Now you feel the way i feel
You're making me complete and

It is bright like sunshine
Not just the night and moonlight
You give me hope to dance again
