You say we've lost each other's track  
It seems there's no way back  
I'm drowning in my tears  
For all those wasted years  
No priest to help me out  
No anger left to shout  
I'm all alone  
Like a ring without a stone

Day by day  
I pray to find another way  
Day by day  
You left my life in disarray  
Day by day  
In desperation thrown  
How come  
Now you are gone  
But I keep hangin' on

And just help me to break free  
Escape from misery  
Where are you, all my friends  
Where the darkest night descends  
No point in making clear  
Who's right who's wrong, my dear  
No place to run  
When all is said and done
