As I wait patiently  
Only time is gonna tell  
Holding back hopelessly  
It's a place I know so well

So come with me  
Find your way  
Find your self here  
It's time so see  
So take a look with me into the ocean deep

As I wait cautiously  
I ran read between the lines  
Standing here silently  
Unaware of what I'll find

So come with me  
Find your way  
Find your self here  
It's time to see  
So take a look with me into the ocean deep

Carry me  
Carry me  
Carry me  
Away
