[Intro] (talking)

Niggaz

Get ya Miller Geniune Draft, 'cause it's Miller Time

We 'bout to go hard on these hoes wit this one right here

[Chorus]

Can you control yo hoe?

You got a bitch, that won't do what you say

You can't control yo hoe

She hard-headed and she just won't obey

Can you control yo hoe?

You got to know what to do and what to say

Listen.

You got to put that bitch in her plaaacce

Even if it's slappin' her in her face

You got to control yo hoe..

Can you control yo hoe?

[Verse] (Snoop laughing)

I came to your house

Your girl came in and started cursin' you out

You shoulda slapped her in her face

I wanted to tell you, but it wasn't my place

I kept on the low

'Cause I knew that you was gonna check that hoe

But, you were quiet as a mouse

Made me start to think that it wasn't your house (house)

'Cause she was acting like a nut

You got the kind of bitch that will kick your butt

What kind of pimp holds back

Never met a bitch that a pimp can't slap (ha)

What's wrong with the pimpin'

Why you gettin' a whippin'

All I see is simpettes

[Chorus]

Can you control yo hoe?

You got a bitch, that won't do what you say

You can't control yo hoe  
She hard-headed and she just won't obey  
Can you control yo hoe?  
You got to know what to do and what to say  
Listen.

You got to put that bitch in her plaaacce  
Even if it's slappin' her in her face  
You got to control yo hoe..

Can you control yo hoe?

[Hook]

This is what you made me do  
I really didn't wanna put hands on you  
But, bitch you playing with fi-ire  
I'm so sick and ti-ired  
Of loud mouth bitches like you  
A nigga had to go and put tips on you  
'Cause bitch you playing with fi-ire  
I'm so sick and ti-ired

This is what you forced me to do  
I really didn't wanna put hands on you  
But, bitch you playing with fi-ire  
I'm so sick and ti-ired  
Of loud mouth bitches like you  
So a nigga had to go and put tips on you  
Bitch you playing with fi-ire  
I'm so sick and ti-ired

[Chorus]

Can you control yo hoe?  
You got a bitch, that won't do what you say  
You can't control yo hoe  
She hard-headed and she just won't obey  
Can you control yo hoe?  
You got to know what to do and what to say  
Listen.

You got to put that bitch in her plaaacce  
Even if it's slappin' her in her faaace  
You got to control yo hoe..
