Black Rose (Dedicated To Johnny Rawk who passed away during the

recording of the album)

The first time I saw you,

you looked so sweet and fine

I really hoped and prayed

that baby you'd be mine

Your hair blew in the wild wind

Your eyes glimmered in the sun

I knew I was the only

I knew you were the one

\*Just like a black rose

Everybody knows

Black rose

Baby I love you so

I'll be the sun for you

I'll be the rain and dew

I'll be anything

Won't you wear my ring

You're standing in my dreams

Can't get you out of my head

Even when I'm gone

I'll love you when I'm dead

Everything you do

Everything you say

Everything you touch

Really makes my day

\*Black rose

You're one in a million baby

Black rose

You're driving me crazy

Let me hold you tight

Let me treat you right

Girl, you're so fine

I'm gonna make you mine.

oooooh ooooooh yeah

(black rose)

oooooh ooooooh yeah.

(one in a million baby)

black rose

(baby, you're my )

black rose

(I love you)

I want to keep you in my arms

I won't do you no harm

You're the only one for me

Ooooh baby, can't you see.

We were meant to be.

Please don't ever leave me baby

Cuz the one thing I'd miss,

Would be your soft kiss
