Never felt something, so right
Never seen the sun shine, so bright
And when I'm with you, I'm with you, yea when I'm with
you, I'm with you

But you don't know what you're doing to me
It's amazing

For the first time in a long time
I can feel love
I can feel life
And I'm head over heals
And I love how it feels

And it feels like my heads in a cloud
I just wanna scream out loud
When I'm with you, I'm with you, yea baby, when I'm
with you, I'm with you

But you don't know what you're doing to me
It's so crazy

For the firs time in a long time
I can feel love
I can feel life
And I'm head over heals

For the first time in a long time
I can feel love
I can feel life
And I'm head over heals
And I love how it..

Could this be happening?
Is this just a dream that I'm in
Cuz we were meant to be
You could only see what I see

Cuz for the first time in a long time
I can feel love
I can feel life

And I'm head over heels

For the first time in a long time

I can feel life

I can feel love

And I'm head over heels

And I love how it feels yea

Cuz I'm head over heels

For you.
