Go upstairs find some food
Come downstairs then i splooge
These are happy days of mine
The kind you'd like to find
I just want this day to end now
I can't help but feel i missed out
I just want this day to end now
I hope things will try to work out
Clearly take my time
We have never been satisfied
Clearly stear me blind
We will never be satisfied
9 to 5 5 alive
5 to 9 9 is dead
Drain the pool whats the use
Eat a stool the lines are dead
Ask your friends to be kind
Ask the teacher when does it end
So pack your bags and your suitecase
Theres no more time you lost again
Clearly take my time

We have never been satisfied

Clearly steal me blind

We will never be satisfied

So now it's the end of the day

Where your friends are untrue
And their letters are gay

Well I've got nothing to do

In a town that's shut down

Cause the heat when away

All the colours in the rainbow aren't enough for me

I want them all radio infrared and MTV

I've tried this one last time

My floor's a waste of time

So stop this stalling we're back to being boring

Clearly take my time (Take what was mine

We have never been satisfied what was mine

Clearly steal me blind what was mine

We will never be satisfied what was)

I just want this day to end now

I can't help but feel I missed out

I just want this day to end now

I hope things will try to work out

I just want this day to end now

I can't help but feel I missed out

I just want this day to end now

I just want this day to end now

I can't help but feel i missed out
