Why don't you tight me
Why have you changed

uuuhh yeayeah ohoo

You used to call every night
Just to see if i'm alright
Now you keep bugging me on the phoen (will you
bugging)
Just to check up if i'm on my own
And i feel something has changed
Please tell me why

A little bit of this
A little bit of that
All those things you do boy
They're just making me mad
Used to make me happy
Why are you making me sad
All those little things keep spinning round in my head
A little bit of this and that
A little bit of this and that

Lying on the bed watching tv
Videogames instead playing with me
What happened to the man that i once knew oh
Tell me baby is it really you
And I feel that you have changed
Please tell me why you do

A little bit of this
A little bit of that
All those things you do boy
They're just making me mad
Used to make me happy
Why are you making me sad
All those little things keep spinning round in my head
A little bit of this and that
A little bit of this and that

A little bit of this and that

Mmm a little bit of this and that

Who knows what will be and if we can arrange
But I know one thing for sure
Something will just have to change

A little bit of this
A little bit of that
Oh oh oh oh yeah
Used to make me happy
Why are you making me sad
Oh oh oh oh yeah yeahhh ha ha ha

A little bit of this
A little bit of that
All those things you do boy
They're just making me mad
Used to make me happy
Why are you making me sad
All those little things keep spinning round in my head

(A little bit of this and that)
A little bit of this
A little bit of that (A little bit of this and that)
Used to make me happy (A little bit of this and that)
Why are you making me sad
Mmm a little bit of this and that

(A little bit of this and that)
A little bit of this
A little bit of that (A little bit of this and that)
Used to make me happy...Thanks to thudord
