Falling Leaves  
On the ground outside  
Memories fill my mind  
My heart beats  
A familiar sound  
Ev'ry time you're around  
Seasons change  
But I still love you just the same  
In the Falling Leaves

Baby, turn around  
Don't you I'd never like to see your tears upon the  
ground  
Don't you sit and worry  
I'll make everything all right, so let's go out tonight  
Baby, turn around  
I would give my life to see you just once again  
In the Falling Leaves

We've gone through many changes, and this I'm glad  
to say  
I saw your many colors, but I loved you anyway  
So if your love me was strong, then how did it go  
wrong?  
Baby, turn around  
I would give my life to see you just once again  
In the Falling Leaves
